## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement filed January 4, 2005 has been received and made of record. Note the acknowledged form PTO-1449 enclosed herewith.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claim 20 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As regards claim 20, "the skin wound" lacks antecedent basis.

### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claim 20 is rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 5,578,022 ("Scherson et al.").

As regards claim 20, Scherson et al. disclose an oxygen producing bandage and method that anticipates applicants' presently claimed invention. More specifically, Scherson et al. disclose A device for supplying oxygen to a patient for treatment of a wound or condition comprising: a wound dressing adapted for receipt over a wound or injury treatable with oxygen; and a portable oxygen generating device for supplying oxygen to the skin wound, said device comprising an anode (18), a cathode (10), a power source (air driven battery 50), an ion conducting membrane (14) for electrochemically producing oxygen, and at least one catalyst (zinc electrode 28) associated with at least one of said anode and said cathode.

***Allowable Subject Matter***

6. Claims 1-19 are allowed.
7. Claims 21-22 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
